

WHAT EVER HAPPENED TO "EQUAL TIME"?

Sinclair's intention to broadcast an anti-Kerry "documentary" provides the Bush campaign with free advertising and propaganda that violates the intent of our Constitution. Sinclair's excuse for refusing to broadcast the reading of the names of the American sons and daughters who died in Iraq because it was "political programming" clearly shows that they are using a double standard rather than the fair media coverage that is called for in the Bill of Rights. Your use of loopholes to perpetrate this on the American public, is viewed by a large majority of Americans as the result of bias, because the head of the FCC is the son of the Bush administration's Sec. of State! Failure to remedy this attempt to will brainwash the public before the elections will not go unnoticed,-- or unpunished, when Kerry wins in November.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard.
